FOR IMMEDIATE RELEASE

PAVING TO BEGIN ON ROUTE 1 THROUGH FORT BRAGG IN MENDOCINO COUNTY

Eureka – The California Department of Transportation (Caltrans) will begin a paving project on Route 1 through Fort Bragg in Mendocino County on Monday, July 7, 2008. The project, from Walnut Street to just north of Pudding Creek Road, will remove a layer of the current asphalt, lay down a new layer of asphalt, install new traffic signal detector loops, and then stripe the new road surface. Work hours will be 8AM to 5PM, weekdays. Initially, traffic will be restricted to one lane in each direction of travel, and motorists may experience minor traffic slowdowns. However, later in the project there will be some short-term one-way traffic control, and motorists may experience up to 10 minute delays.

This \$2 million project is anticipated to be completed by the end of September 2008. The contractor is Argonaut Constructors of Santa Rosa.

We're here to get you there.
